COURSE

The modern 27 holes golf course, **planned and built up by Robert Trent Jones Sr.**, covers **an area of over one million square meters**, including and widening the area of the old existing nine holes. An ideal place among secular trees, streams, small lakes and gentle undulations of the land for performing one of his most successful courses which fits in a harmonious way into the splendid and intact countryside in the back-ground of the massif of the MountRosa. The Castelconturbia golf course stands on the earldom of Conturbia, sideways the seventeenth century Castle, where the water of Lake Maggiore gradually becomes the Ticino river, in a lovely setting of intact nature. **The modern course has been ranked among the top ten courses in continental Europe** and since 1987 and for all the following years the Club has been awarded the prize which recognizes the best courses in Italy. In 2003 it was awarded as the Number One. It has been two times venue of the Italian Open (1991 & 1998): course record 66 held by Josè Maria Olazabal and Costantino Rocca.

The match course will be the Yellow course. Departures from tees 1 and 10.
