## THE GOLF COURSE

The championship golf course is a typical links and complies with all the requirements of a modern complex of European and World standard. The course was designed by a top Austrian architect, Hans-Georg Erhardt, who has built more than 25 courses in Europe and Africa. As part of the premises you will find five lakes with nine holes designed in their proximity. There are a number of typical bunkers, wavy fairways and high heavy rough. You have to judge the wind very carefully and play the course accordingly throughout the year.

The course spreads out over an area of 85 hectares and by its length belongs to the longest courses in Slovakia. The total length from the blue tees (used for the

championship) is 5321 meters. Mainly the 13<sup>th</sup> and 14<sup>th</sup> holes (par 4, 318m and par 5, 441 m) provide a true skill and endurance test because they are bounded by a water hazard.

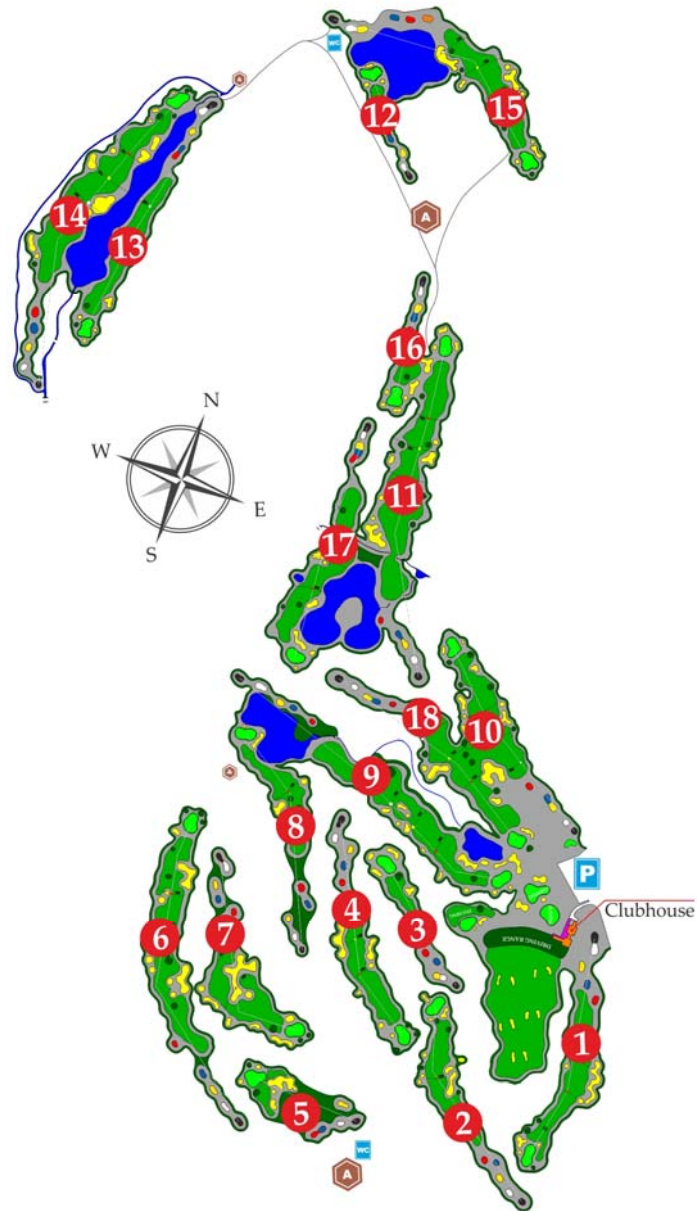

There is a beautiful view on the region of Free Royal Town Skalica and typical region vineyards from all the holes.
