

Att : Players and staff

Everyone (players, guests, staff...) must respect and follow these regulations which are essential requirements for our events to be played.

**In any case, players and guests must follow national and local COVID-19 guidelines at all times.**

Venues have been asked to operate enhanced hygiene and social distancing measures, which are critical to minimise the risk of infection for everyone.

**Intentional breach of the regulations and healthy measures will be penalised, and that may extend to a removal from the tournament.**

**A player who would not own a hand sanitiser will not be allowed to start the round and will be disqualified. A player failing to wash or sanitise his hands before handling a flagstick, a rake or a stake, is likely to incur a penalty for a breach of the behaviour code.**

**Caddies are authorised, only one person can be with the player, this person must comply with the Health and Safety plan.**

**Testing:** We will not operate a testing system and will not require a Test to access the tournament.

### **Common Practices:**

- Wear a mask in all indoor areas and outdoors when social distancing is not possible

### **Medical certificate of no contraindication to the practice of golf:**

According to the French laws and rules, all players must forward a medical certificate, **dating from less than one year**, to the French Golf Federation or bring it with them to the tournament.

We draw your attention to this important rule in the conditions of play. This measure is to be used in all sports and by all competitions' organizers who can be recognized as responsible.

Therefore, the French Golf Federation must receive the medical certificates duly filled by a doctor, even if you are well insured when you travel abroad and if a medical assistance covers all expenses.

We are aware that some countries do not issue such certificates to their players. Therefore, you will find hereunder a form-sheet "medical certificate already personalized" to know what information needs to appear on it.

**All players are required to ask a doctor to fill in this medical certificate and to send it to inscription@ffgolf.org, or bring it with you.**

The player won't be able to take part in the tournament if he hasn't filled and sent this document. We hope you understand our position according to the French laws and we look forward to welcoming you in France.
