Foreword

Message from the EGA President

On behalf of the European Golf Association, I am extremely delighted to welcome the teams, all the officials and the supporters from The R&A and the Continent of Europe to the Vagliano and Junior Vagliano Trophy matches.

We are very grateful to the Royal Netherlands Golf Federation and to the Royal Hague Golf & Country Club for hosting these outstanding events.

International matches are looked forward to with great enthusiasm and are the highlight of the season for many, as it brings together the most talented amateurs from the Continent of Europe and Great Britain & Ireland to compete at the highest level of team golf.

For me, this event is extra special, as it takes place in The Netherlands, my home country. Golf in The Netherlands is growing, and hosting an international event like this is an inspiration for the next generation of players. The matches are also seen as a preview of what's to come in 2026, when the (Junior) Solheim Cup will be played in The Netherlands. I am confident that the showcase of skill and sportsmanship displayed at the Royal Hague Golf & Country Club will be a great pleasure to watch. I offer my best wishes to all teams and hope you will retain fond memories of this special occasion.

Welcome to the Royal Hague Golf & Country Club

Founded in April 1893, the Royal Hague Golf & Country Club is the oldest golf club of The Netherlands. The club moved to the current location amid the magnificent dunes of Wassenaar in 1947 after the original course was destroyed in World War II. The current course was designed by the famous golf course architects Harry Colt and Hugh Alison and was constructed in 1937.

Many international golf course listings rank our course among the top. In Continental Europe our course is ranked in the top 3 and worldwide in the top 80. The club has a rich history of hosting international tournaments. For example, the three editions of the Dutch Senior Open (2010-2012) and the European Amateur Championship in 2018.

We are delighted to host the prestigious Vagliano Trophy and Junior Vagliano Trophy this year. On behalf of the Royal Hague Golf & Country Club, I offer my best wishes to both teams for an enjoyable match. I am sure that everyone will enjoy the course and retain fond memories of this special occasion.

History

History Royal Hague

The Hague Golf & Country Club was founded in 1893 at Clingendael estate in The Hague and is the oldest golf club in the Netherlands. In those early years the club played on a 9-hole course. In 1924 the course was expanded to 18 holes.

During World War II the club and course were requisitioned by the Germans and in December 1943 the club was bombed and eventually both the clubhouse and course were destroyed beyond salvation during the war. In 1947 the 'Haagsche' found a new location on the grounds of the Wildhoeve estate in Wassenaar. During the construction of the course, designed by the famous golf course architects Harry Colt and Hugh Alison, the undulating dune landscape was largely kept intact. As a result the site's natural environment has been preserved. Every hole is completely different, offers its own views and distinct golfing challenge.

At the club's centenary celebration in 1993 the 'Royal' predicate was granted. For many years the Royal Hague has been chosen as the number one course in The Netherlands. Since 2015, the club was also ranked inside the Top 100 of best golf courses in the world, currently holding the 72nd position.

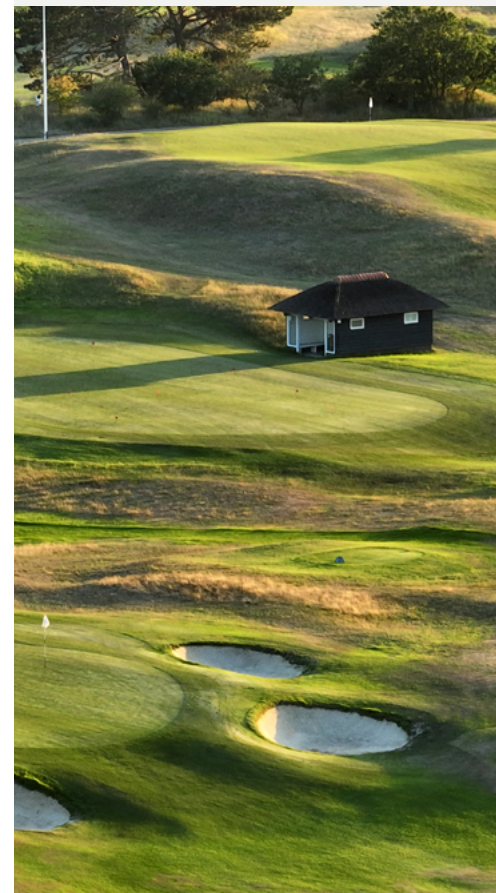

The Royal Hague is a club with a flourishing club life. The club has around 1250 golf playing members and 200 country club members, for whom various competitions and events are being organized.
