

### 1. **OUT OF BOUNDS (RULE 18.2)**

- Defined by white lines, dots and stakes, metal fences, and stone walls.
- The course-side edge of any stone walls and concrete bases defined the boundary of the course. When OoB is defined by a fence is defined by the line between the course-side points of the fence posts at ground level.
- **Note:** If both white stakes and lines are used to mark the OoB, the stakes identify it and the lines define it.
- **Please note the following:**
  - a) Hole 5 behind the green.
  - b) Hole 7 on the left, level with the bunker and behind the other bunker.
  - c) Holes 11 behind the green on top of the hill.
  - d) Hole 15 to the left of the fairway and green.

### 2. **INTERNAL OUT OF BOUND (MLR A-4)**

- During play of hole 16, the **left side of the hole, defined by white lines and stakes is out of bounds**. These stakes are boundary objects **ONLY** during the play of hole 16. For all other holes, they are movable obstructions.

### 3. **ABNORMAL COURSE CONDITIONS (RULE 16.1)**

#### a. **GROUND UNDER REPAIR**

- All areas enclosed by blue stakes or white lines.
- The area to the right of the fairway on hole 3, to the right of the oleander bushes — which contains a sculpture and decorative rocks — is treated as a single condition together with the paved path that surrounds it.

#### b. **IMMOVABLE OBSTRUCTIONS**

- Asphalt and concrete or cement roads.
- Concrete steps in greenside bunker Hole 4
- Pump house on Hole 7 (FW).
- Electric pylon on Hole 10.
- Building structure adjacent to Hole 12 & 14.
- Toilets.

#### c. **BUNKERS (MLR C-4)**

- The practice bunkers located to the **left of the 18th hole are GUR** and part of the general area. Free relief is available under Rule 16.1b

### 4. **WRONG GREENS (RULE 13.1f)**

- The greens located to the **left of the 18th hole** are considered wrong greens. The player **must take relief** without penalty.

### 5. **INTEGRAL OBJECTS (No relief without penalty)**

- All unpaved or concrete-free paths (including those covered with gravel).
- Stone wall and rock outcrop between holes 14 and 15 are integral objects (loose small stones are loose impediments).
